

K-Robotics

BETTER LIVING THROUGH ROBOTICS

2022-2023 STRUCTURED INDUSTRY APPRENTICESHIP PROGRAM

- 3-6 months industry immersion in Robots as a Service (RaaS) and open source source mobile robots
 - Introduction to RaaS market, technology and products
 - Hands-on robots operation, setting and marketing experience with BellaBot and Temi
 - Assembly, testing and preparing robots for academic and developers using SCUTTLE mobile robots
- Option to develop own robotic solutions (hardware, software, Android apps) in Industry Design Project (IDP) or Final Year Project (FYP)
- Opportunity for employment upon completion of internship and study
- Based at Medini 6, Iskandar Puteri, Johor – home of Drones & Robotic Zone (DRZ) Iskandar
- Open for Diploma and Degree level students.
- Submit your interest, latest CV and transcript to norazmialias@katapult-asia.page
