March 3, 2017

Dear Mr. Leong, Mr. Abdul Latiff, Dr. Yusof, Miss Ooi, and Dr. Abdul-Rahman,

I am pleased to inform you that your manuscript “Intermittent Audio Failure Analysis of a Remote Speaker-Microphone for a Two-Way Radio” has been selected as an Editor’s Choice article for 2016 from the Journal of Failure Analysis and Prevention.

This selection is reflective of the comprehensive nature of your paper and its overall excellence. Only five papers are selected each calendar year as an Editor’s Choice article from among all of the articles published in the Journal of Failure Analysis and Prevention for that year.

Your paper is now available as a “Free Access” article on Springer’s website, which means the paper can be viewed 24/7 worldwide. Normally, “Free Access” would cost the authors US \$3000, but because your paper has been chosen as an Editor’s Choice article, there is no charge to you. To view your article as an Editor’s Choice selection on Springer’s website for our journal, please visit: <http://www.springer.com/materials/surfaces+interfaces/journal/11668> and you will see the link “Free Access to Editor’s Choice Articles” in the upper right corner.

On behalf of myself and the team of associate editors of the Journal of Failure Analysis and Prevention, I congratulate you for the selection of your article as an Editor’s Choice article. Thank you for submitting your outstanding work to our Journal. We look forward to your continued contributions to the Journal of Failure Analysis and Prevention.

Sincerely,

A handwritten signature in black ink, appearing to read 'M. Stevenson', written over a light blue horizontal line.

Michael E. Stevenson  
Editor, Journal of Failure Analysis and Prevention
